## TÄRKEÄÄ! SÄILYTÄ OHJE TULEVAA TARVETTA VARTEN.

Lue tämä käyttöohje huolellisesti ennen tuotteen käyttöä!

### HUOMIO

HUOMIO Tarkkaile lasta jatkuvasti ja varmista, etteivät lapsen suu ja nenä ole peitettyinä ja lapsi voi hengittää vapaasti.

HUOMIO Kysy lääkärin neuvoa ennen kuin käytät tuotetta keskosille, vauvoille, joilla on alhainen syntymäpaino, tai lapsille, joilla on terveydellisiä vaivoja.

HUOMIO Varmista, ettei lapsen leuka nojaa hänen rintaansa, koska tämä voi estää hengityksen ja aiheuttaa lapsen tukehtumisen.

HUOMIO Sijoita vauva turvallisesti kantoliinaan välttääksesi putoamisen vaaran.

Noudata varovaisuutta esim. ruoanlaiton tai siivousteiden aikana sekä lämmönlähteiden tai kuumien juomien läheisyydessä.

Käytä kantoliinaa vain yhdelle lapselle kerrallaan.

Kantolina on tarkoitettu lapsen kantamiseksi ainoastaan siten, että lapsen kasvot ovat kantajaan päin.

Tasapainosi saattaa vaarantua oman tai lapsen liikkeen takia.

Ole varovainen, kun kumarrut tai kyykistyt eteenpäin tai sivusuuntaan.

Älä käytä kantoreppua urheilun aikana, pyöräilyn, uinnin, hiihdon tai muun urheilun yhteydessä.

Huomaa, että putoamisen vaara kasvaa lapsen aktiivisuuden ja itsenäisen liikkumisen lisääntyessä.

Säilytä kantoväline lasten ulottumattomissa, kun se ei ole käytössä.

Lapsen turvallisuuden varmistamiseksi tarkista säännöllisesti, ettei kantovälineessä ole kulumia tai vaurioita.
